Justice to Postal Workers

The postal employee has a strong Mr. Jeroms K. Jerome douches the poration intrigued to despoil it of may be a logical candidate to succeed the locked something like the pictures of the Crown Prince; has persevered under discouraging Sense: conditions. The government has been an exacting employer in his case. It has held his wages down in spite of the skying of living costs. The Postoffice service has been badly managed. It stands very low to day in popular esteem. But that has not been the fault of the average postal employee, whose fidelity the public

recognizes and appreciates. There is a widespread demand for retrenchment in government expenditure. That demand can be met by demobilizing the civilian workers who still clutter up the war services a id by liquidating the government's war enterprises. There are many superfluous government employees

still engaged in work of dubious pub-

But this situation doesn't exist in the postal service. It is undermanned. It has few slackers. The public is in touch with the postal workers.
